

A MISSION OF KINDNESS

One Day, One Dance, One Heart, And It Continues.....

On Tuesday, December 16, a group of students from the Student Life Organization's Outreach Department danced through the secondary break and left onlookers in awe. Boys and girls from the Life Vest Team of the SLO put on a Flash Mob to promote an outreach mission of kindness where all students can feel a sense of belonging to their school and can make a difference in their surroundings. It was truly an inspirational event, which left everyone feeling positive and hopeful for the coming new year.

the kindness Journey
