

# NEWS FLASH

From the 30th August to the 2nd September kindergarten and primary students cheerfully started school. The air was lively as these children were surrounded with minion decorations, balloons, and prefects who distributed minion badges and stickers. Parents captured memories at the photo booth, while their children entertained themselves with humorous props. We put in our best effort to make this day a happy one. Our aim was to create a joyful atmosphere at ISC Dubai, and have all new students smile as they waved their parents goodbye.
