WALK FOR EDUCATION

WE ALWAYS CARE

On Friday, February 6, Dubai Cares hosted their sixth annual “Walk for Education”, the second in which our school participated. Students from Grade 10-12 were invited to go along with the school and show their support. The walk was organized by Dubai Cares to highlight the struggles children in developing countries go through to reach school every single day. Many of these children walk the length of the walkathon every day to arrive at school. Buses left ISC-Dubai at 8:15 a.m. and arrived at Creek Park. The walk was three kilometers long, during which students chanted an array of slogans. When the walk was over, everyone entered the park and took part in the activities. Grade 10 students even performed the “Life Vest 2015” dance on stage. As a school it is crucial for us to support events that empower people to strive towards education. After all, who better to support events such as the Dubai Cares “Walk for Education” other than SABIS schools whose motto is: “Education for a Changing World”
