

DESERT SAFARI

GRADE 12 DESERT SAFARI

On March 3rd, 2016, the seniors threw on their senior '16 jackets and headed to the parking area to climb into the jeeps that would take them to the desert for their senior trip. After a thrilling drive through the dunes of the desert, they finally arrived at the campsite. There, they rode camels, received henna tattoos, and played endless games of volleyball. The irresistible smell of the food, drove most of them to the dining area while others took turns posing in traditional clothing. At the end of the trip, the students, teachers and supervisors took a beautiful group photo near the center stage at the campsite – the perfect way to end an already memorable day.
