

## Trip to Bounce mall

On Wednesday, 19th and Thursday, 20th October, all our Grade 7 students had the opportunity to burn off some of that extra teenage energy with a school trip to BOUNCE Dubai. Although on the cusp of their young adult years, obvious displays of excitement and delight were seen across all their faces, hopping and skipping to the buses, while in the midst of taking an abundance of selfies.

On arrival to BOUNCE, each student was reminded of their safety first but like kangaroos, they leapt off and took advantage of the many trampolining activities on hand. From individual trampolines, group exercises, basketball hoops and freestyle fun, there was something for everyone to stay entertained. After everyone was all bounced out, it was pizza party time in the rooms allocated for our students! Freedom Pizza came to the rescue with signature pizzas that finished the evening off on a happy and satisfied note. The Grade 7 students boarded the buses and returned back to the school, however, not quite as exhausted as our teachers! It was another successful outing, enjoyed by all who attended.
