

TRIP TO FERRARI WORLD

On Saturday, March 5th, 2016, a trip to Ferrari World - Abu Dhabi was organized for the Grade 8 classes, where the students had the opportunity to experience the rides and attractions that Ferrari World has to offer. Once they arrived at the venue, the students split up into small groups so that everyone would have the chance to try out the games and rides. The students especially enjoyed 'Formula Rossa', the fastest roller-coaster in Ferrari World, which reaches the top speed of 240 km/h, as well as 'The Flying Aces', a brand new edition to Ferrari World with its record-breaking high loops. After a hardy meal, the students and teachers were ready to head back to school with the fond memories of the trip
