

HEALTH DAY

On Monday, December 14th, the Student Life Organization arranged a health awareness day for the school. This event featured several members of the SLO preparing fruit bowls and fresh juices for the students in order to promote a healthier lifestyle. The Sports and Health Department of the SLO were actively involved in the event and organized a number of exercises and games for the students. All in all, it was a successful event enjoyed by thousands of students. ISC Dubai looks forward to hosting a bigger event with a larger variety of healthy activities in the next academic year.
