

Performing Arts Night 2017

On Thursday, 27th April 2017 at 4:30PM the Annual Performing Arts Night (PAN) took place for Grades 9-12 students in the School Theatre. PAN is a wonderful way for our creatively talented students to express themselves through singing, dancing and acting.

The evening kicked off with a singing performance from Luna Abazid in Grade 10, who sang, 'Can I Be Him.' Atena Dehdari in Grade 9 followed with a stunning piano performance called, 'Marriage d'Amour.' Duo, Yasmin Lutfi and Enam Qassem took to the stage for a guitar and singing performance called, 'Say You Won't Let Go.' The fourth act was by Millen Thomas, a Grade 11 student who blew everyone away with his explosive entrance on the saxophone that had the audience clapping their hands and dancing to the electric music. Switching things up, Seyee Kim delivered another spectacular piano performance playing the song, 'Summer.'

Wali Nawaz and Achilles Whiteville performed a duo together, one on the piano and the other singing John Legend's emotional 'All of Me' that had a few tears falling from the spectators. Achilles then took to the stage himself and played 'Sky Full of Stars' on the piano. Ronit Ghash in Grade 11 sang 'Let Me Love You', which was an incredibly talented mix-up of singing and beatboxing. Maria Salgado stormed the stage with Martin Garrix and Dua Lipa's current hit, 'Scared To Be Lonely.' The atmosphere of this pop hit was a popular choice with students and many couldn't help but dance on stage.

Tala Al Shukaify from Grade 11 delivered a very energetic performance singing 'Ex's and Oh's'. Khaled Al Fanney and Youtina Fahmy both from Grade 12, also delivered a duo singing a popular Arabic song, 'Sahar El Layali', which got the whole crowd singing along. The long awaited finale was delivered by Senior 17' students, Peter Kraish and Harout Kavlakian, who performed a very fitting song, 'I Did It My Way', by Frank Sinatra. The show was a fantastic, one-hour long program that kept the audience thoroughly entertained and in awe of the abundance of talent.

Well done to everyone that took part and helped make the evening a huge success...
