

## TRIP TO SEGA REPUBLIC

On Wednesday, November 11th, the Grade 4 students went on a trip to Sega Republic. Eight hard-working prefects were recruited to provide additional support and assistance. Class teachers were also invited to offer the prefects a helping hand. The bus ride was filled with music and positive energy as the excited students made their way to Sega Republic. Once they reached their final destination, the kids were overcome with delight while they stood in line to enter. The students participated in a number of activities such as roller coasters, and arcades within the venue. At the end of the trip, the students thanked the SLO for a wonderful afternoon. A buzz was in the air as everyone made their way back to school worn out from their busy day.
