

STOMP Out Bullying

STOMP OUT BULLYING

On Tuesday, January 5th, 2016, the Discipline Department of the Student Life Organization prepared their first anti-bullying event of the 2015-2016 academic year. 'Stomp out Bullying' was a collaborative event run by the Discipline Department and the SLO Prefects. The Discipline Prefects had awareness stalls displaying the harsh effects of bullying. Furthermore, the SLO Prefects made badges that displayed the name of the event. These badges were popular with the students of the younger grades, who were eager to take some for themselves and their friends. In addition to this, there was also a popcorn stand set up and run by the seniors of 2016. This was a great success with students of all grades. Ultimately, the anti-bullying event left all students with a greater knowledge and a deeper understanding of their friends and their classmates' feelings and emotions.
