

MOBILE PHONES, TABLETS AND RECORDING DEVICES

Dear Students,

If you bring a mobile phone to school, switch it off before the school day begins and keep it in your school bag. Do not use it anywhere on school premises during the school day. After dismissal, you may use it only in the designated green zone between the administration entrance and the main gate.

If you need to contact your parent during the school day, ask your corridor supervisor for permission to use the school phone.

Use your tablet only for approved schoolwork. Tablets must not have an active SIM card, and you must not use them for games, social media or non-academic browsing.

Do not take photographs or make video or audio recordings at school or on a school bus using any device unless the School Administration has given you permission beforehand. Do not share recordings made without permission. These rules protect the privacy and safety of other students and staff.

If you break the mobile-phone rule, your phone may be taken and kept securely until dismissal, and your parents will be informed. Repeated violations will involve your parents and may lead to further action under the school's behaviour policy.

For canteen purchases, use cash or a physical debit/credit card, not your mobile phone.

School Administration
